RENE WEBER

SOFTWARE ENGINEER | [GITHUB.COM/RENEWEB](https://github.com/reneweb)

## OBJECTIVE

A software engineer with more than 7 years of experience in backend engineering. I am very organized, proactive and out-of-the-box thinking in my problem-solving.

## SKILLS

Technologies and Frameworks:

- Java (Spring, Android)
- JavaScript (Node.js, React Native)
- Python
- Scala (Akka, Play Framework)
- SQL (PostgreSQL)
- NoSQL (MongoDB, Cassandra)
- Cloud / Compute Infrastructure
- Large Scale Systems
- Continuous Integration (Jenkins)

Core Skills:

- Analytical Thinking
- Experience in Architectural Design
- Working in agile teams

## EXPERIENCE

### SOFTWARE ENGINEER • SPOTIFY • FROM 04/18

- During the first year, part of premium side of business; working on delivering campaigns, e.g., Spotify 3 months for 99 cents, as well as building campaign-related tooling to make it easier to create and launch such campaigns
- Afterwards working in infrastructure maintaining Kubernetes and DNS systems as well as building tooling around those to ease the developer experience. During this time, I have been tech lead for piloting a managed elastic search solution and I was driving upgrades for the Kubernetes clusters

### SOFTWARE ENGINEER • GUMTREE.COM (EBAY.INC) • FROM 10/14

- Senior Software Engineer since 02/2017
- Part of B2C/Revenue team | In-App messaging (development, architecture/design, testing) | payment and order systems | integration with business customers (maintenance and improvements of API's and FTP based systems, collaboration with business & sales team) |
- Tech lead during large integration with third-party vendor over a four-month project
- Received eBay critical talent award (03/16)

### RESEARCH ASSISTANT • FRAUNHOFER FOR OPEN COMMUNICATION SYSTEMS • FROM 09/13 TO 08/14

- Working on the front and backend of [ocdirect.org](https://ocdirect.org)

## EDUCATION

### MASTER OF SCIENCE HIGH PERFORMANCE AND CLOUD COMPUTING • 08/14 • CHEMNITZ UNIVERSITY OF TECHNOLOGY

### BACHELOR OF SCIENCE BUSINESS INFORMATICS • 10/11 • UNIVERSITY OF APPLIED SCIENCES MITTWEIDA

## FURTHER EXPERIENCE

Open Source Contributions: React Native, Node.js, Angular, Play Framework
